

Vision Statement

Our progressive careers programme offers a wide variety of learning opportunities to all our students from Year 7 to Year 11. It enables our young people to find purpose, discover what matters to them and identify their place in the world. Our careers programme aims to give our students hope, meaning, purpose and character to enable them to navigate the challenges they will face in life and develop the knowledge, confidence and skills needed to ensure a smooth transition from school into their chosen career pathway.

Milestones and Learning Outcomes

Key Events and Experiences

Year 11

Focus: Be Courageous. Your Future and Beyond.

Students will apply for their post 16 pathway. Students will update and improve their CV 's.

Year 10

Focus: Be curious , Be Courageous Life Beyond School

To develop a further understanding of post 16 options. Students generate their own work placements .

Year 9

Focus: Be curious , Be Courageous .Thinking about the Future

Students will recognise the different pathways for post 16 and post 18 and understand Labour Market Information. Students begin to make decisions about their future and identify areas of interest to research and explore career pathways independently.

Year 8

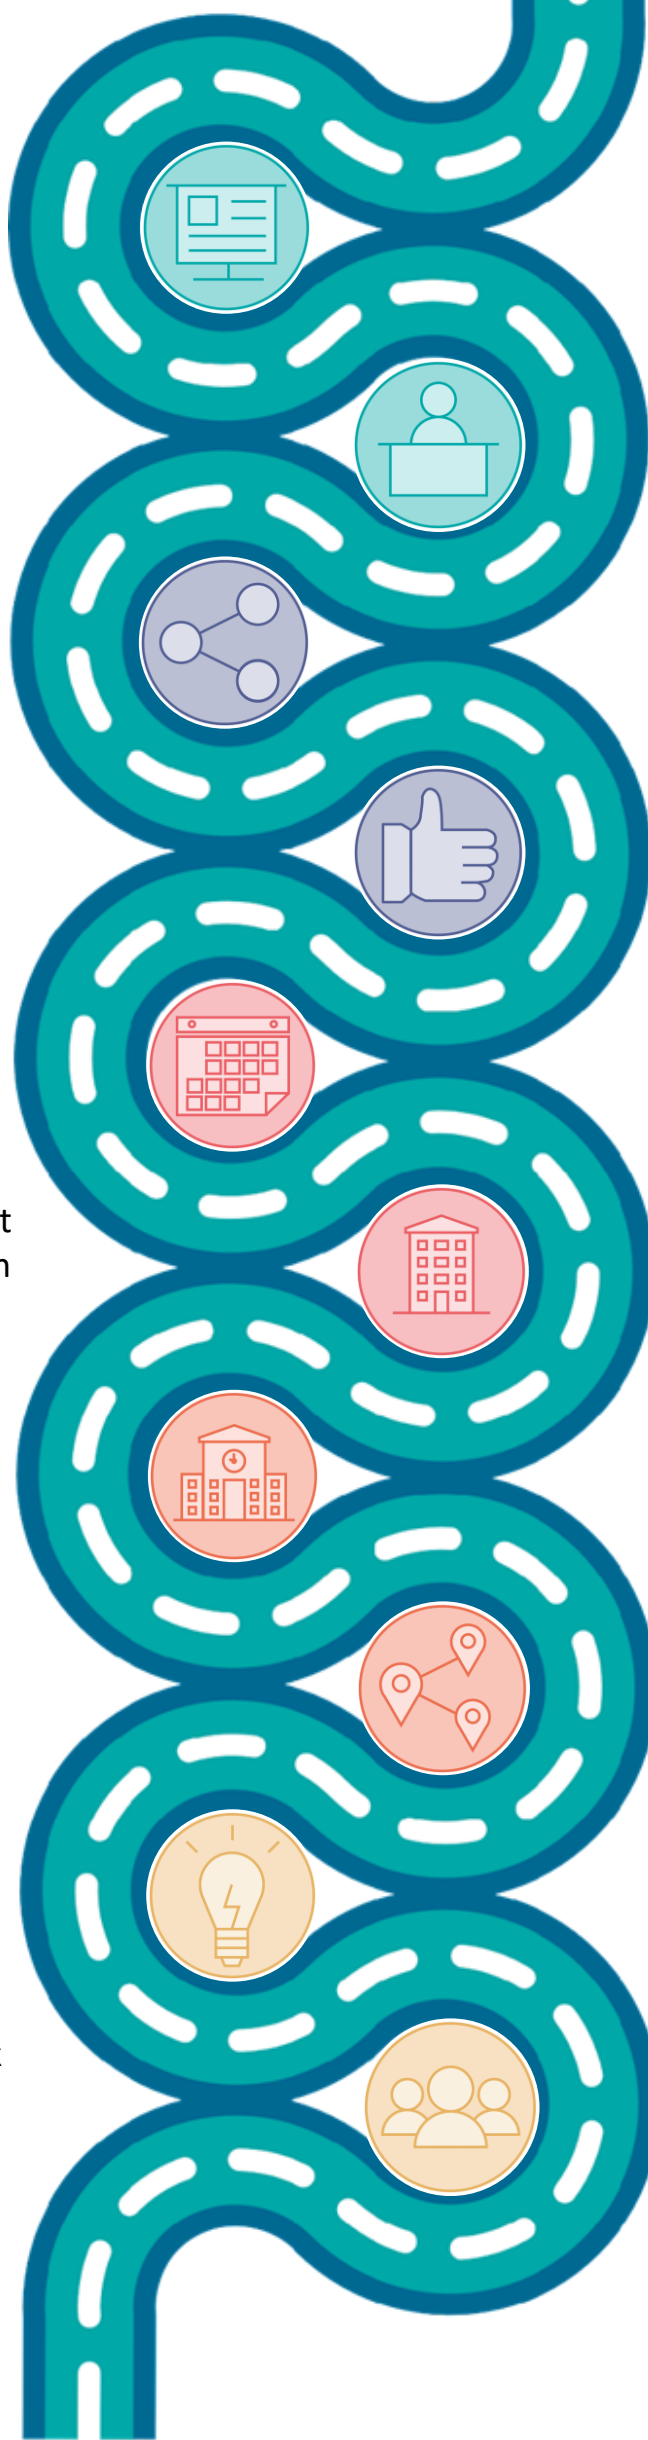

Focus: Be Curious. Proud to be me

Students will engage with a number of external providers to learn about pathways and continue to develop key employability skills with a particular focus on teamwork and resilience.

Year 7

Focus: Be Curious I can be

Students will begin to develop a wide range of interests and be encouraged to engage in a range of opportunities including co-curricular, activities week and trips/visits. Students will begin to develop key employability skills and start to think about their future ambitions.
